

Ekotribe Exhibits Innovative Green Products at the World Future Energy Summit 2011

Dubai, UAE - Jan 17, 2011 : Ekotribe is displaying a range of environment friendly products and smart energy saving gadgets at the World Future Energy Summit (WFES) 2011, which is taking place in Abu Dhabi from 17-20 January 2011. Anu Agarwal, Director of Ekotribe stated, "At WFES we are looking to find suitable partners who can represent us in other GCC countries. We now have over 200 eco-friendly products from US, Canada, Europe and Australia which have a tremendous potential in the region. Both corporate and individuals can use our products to save vital energy resources at work and at home."

Ekotribe is displaying a wide range of energy and water saving devices, including green gadgets and solar appliances. Other products on display include reusable shopping bags,

recycled paper and stationery, BPA-free water bottles and lunch boxes, solar powered backpacks and eco-office products with corporate branding.

Ekotribe stand # 4400 is located in Hall 4 of the Abu Dhabi National Exhibition Centre.

About Ekotribe

Ekotribe was started with a desire to introduce green living. Ekotribe supports environmentally friendly manufacturers & designers. All customers are guaranteed products which are 'green', easily absorbed into the ecosystem, without compromising on design or quality.

Ekotribe strives to offer high quality products that are - Biodegradable, Environmentally safe, Handmade, Natural, Recycled, Recyclable, Reusable, Sustainable or Organic. Ekotribe is promoting a lifestyle that includes being aware of the environment, yet enjoying high-end products without forgoing quality & design.

About WFES

Since its inception in 2008, World Future Energy Summit 'WFES' has evolved as the world's foremost and must-attend annual meeting for the renewable energy and environment industry. In 2010 WFES uniquely brought together over 24,760 attendees from 148 countries including world leaders, international policy makers, industry leaders, investors, experts, academia, intellectuals and journalists to find practical and sustainable solutions for today's energy security and climate change challenges.

WFES includes a world class summit, two exhibitions, young future energy leaders program, round table discussions, industry and investment seminars, corporate meetings and social events.
